Auction: 1 until 4PM

The Members of the South Carolina Orchid Society are delighted to invite you to attend our annual picnic and auction. The society will provide the entree, drinks and place settings. Members are encouraged to bring a dish to pass and lawn chairs. And, of course, guests are guests - you don't need anything but a chair & your checkbook for the auction!

Stan Hutto has been busy collecting a great group of new and interesting species and hybrids for us to bid on. The Society goes back to the 1960's, and we're lucky to have a few "originals" as active members! They are a storehouse of knowledge, as well as great heirloom divisions. Several members have active breeding programs for species and hybrids. Combined, we always put together a really nice group of auction plants.

The Harris' have the perfect location near the intersection of I20 and I77 with a covered area should the weather be less than perfect. Don't forget your chair!
